AFTER THE AUDIT

What comes next for your business

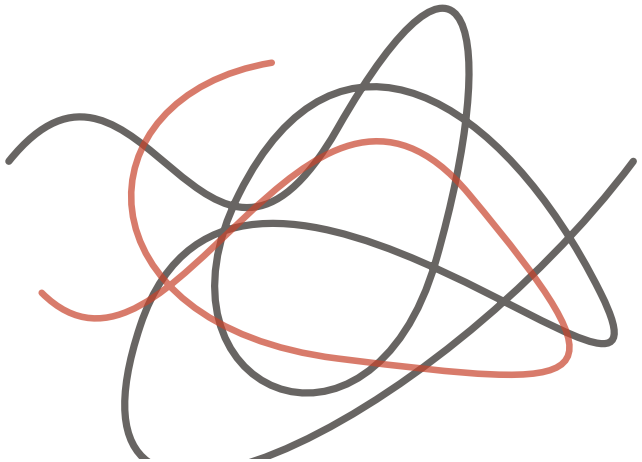

From the problems we found to systems that work for you.

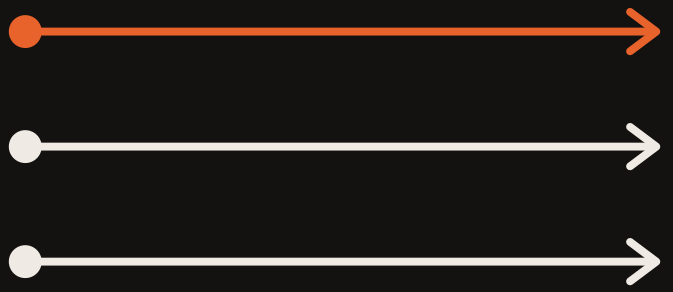

THE GOAL

Your business, with less friction

TODAY

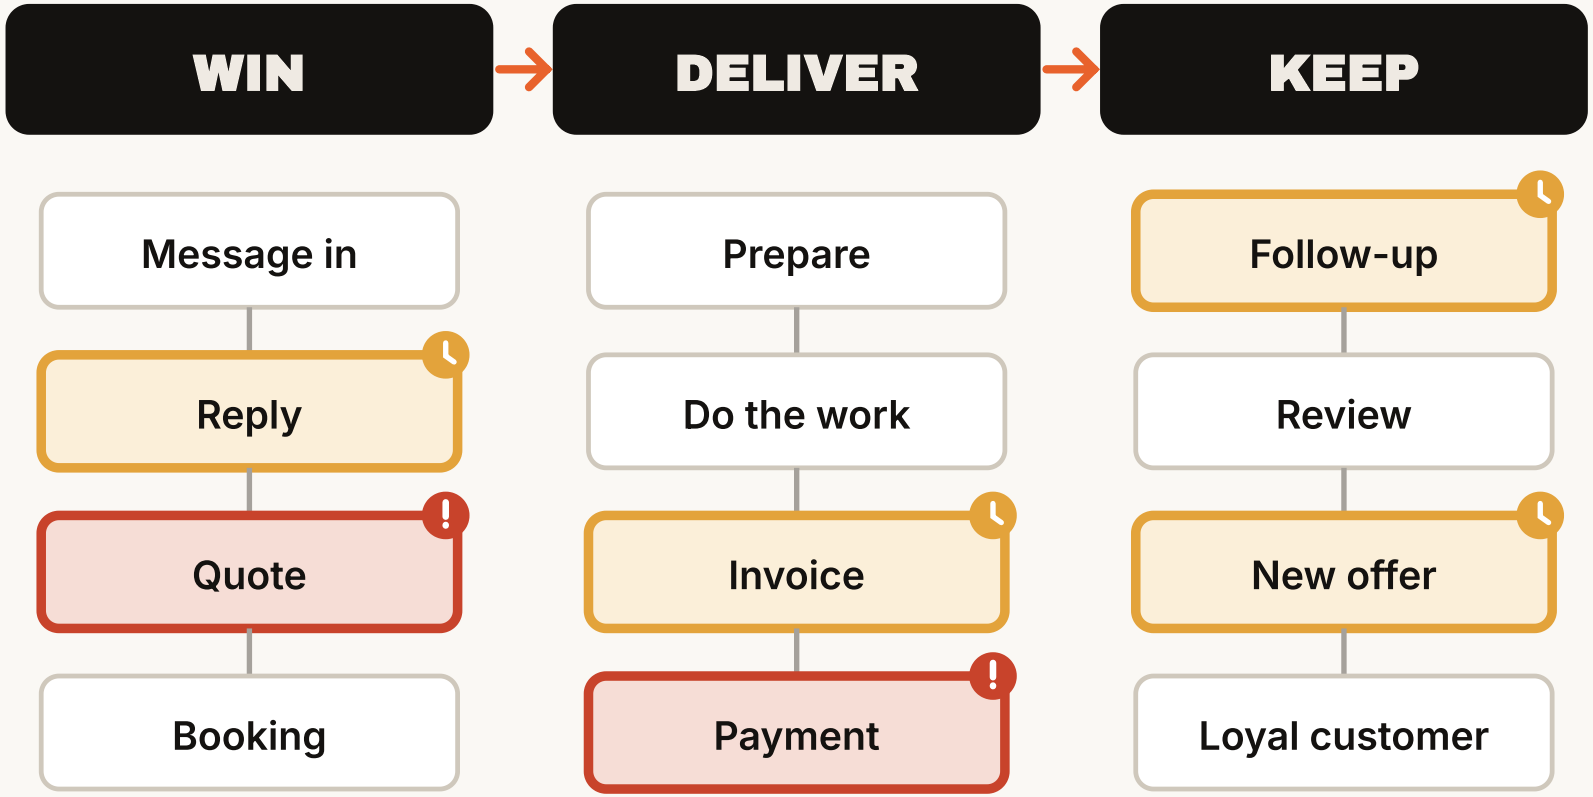

AFTER

- Time freed up for your team
- No customer lost along the way
- Decisions on clear data

We see where time leaks and where errors happen

loses time causes errors

THE DECISION

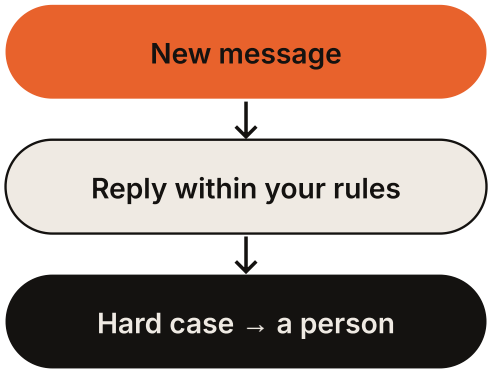

We pick what is worth doing first

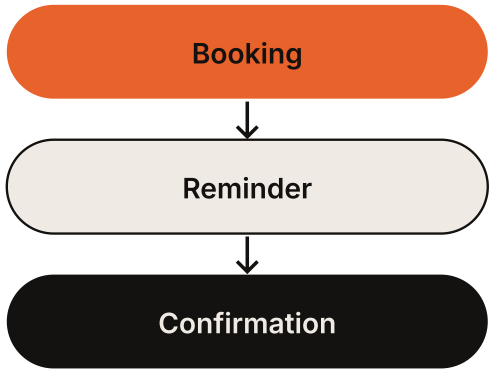

QUICK WINS

The first three systems, before any big project

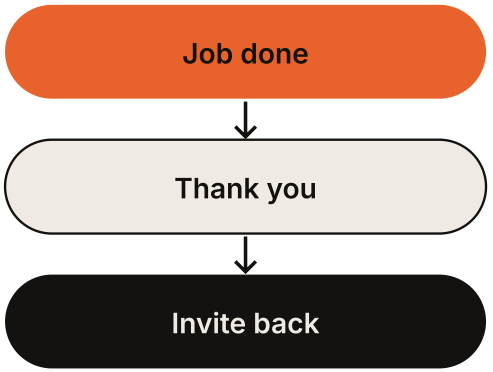

No message left unanswered

Bookings that don't slip

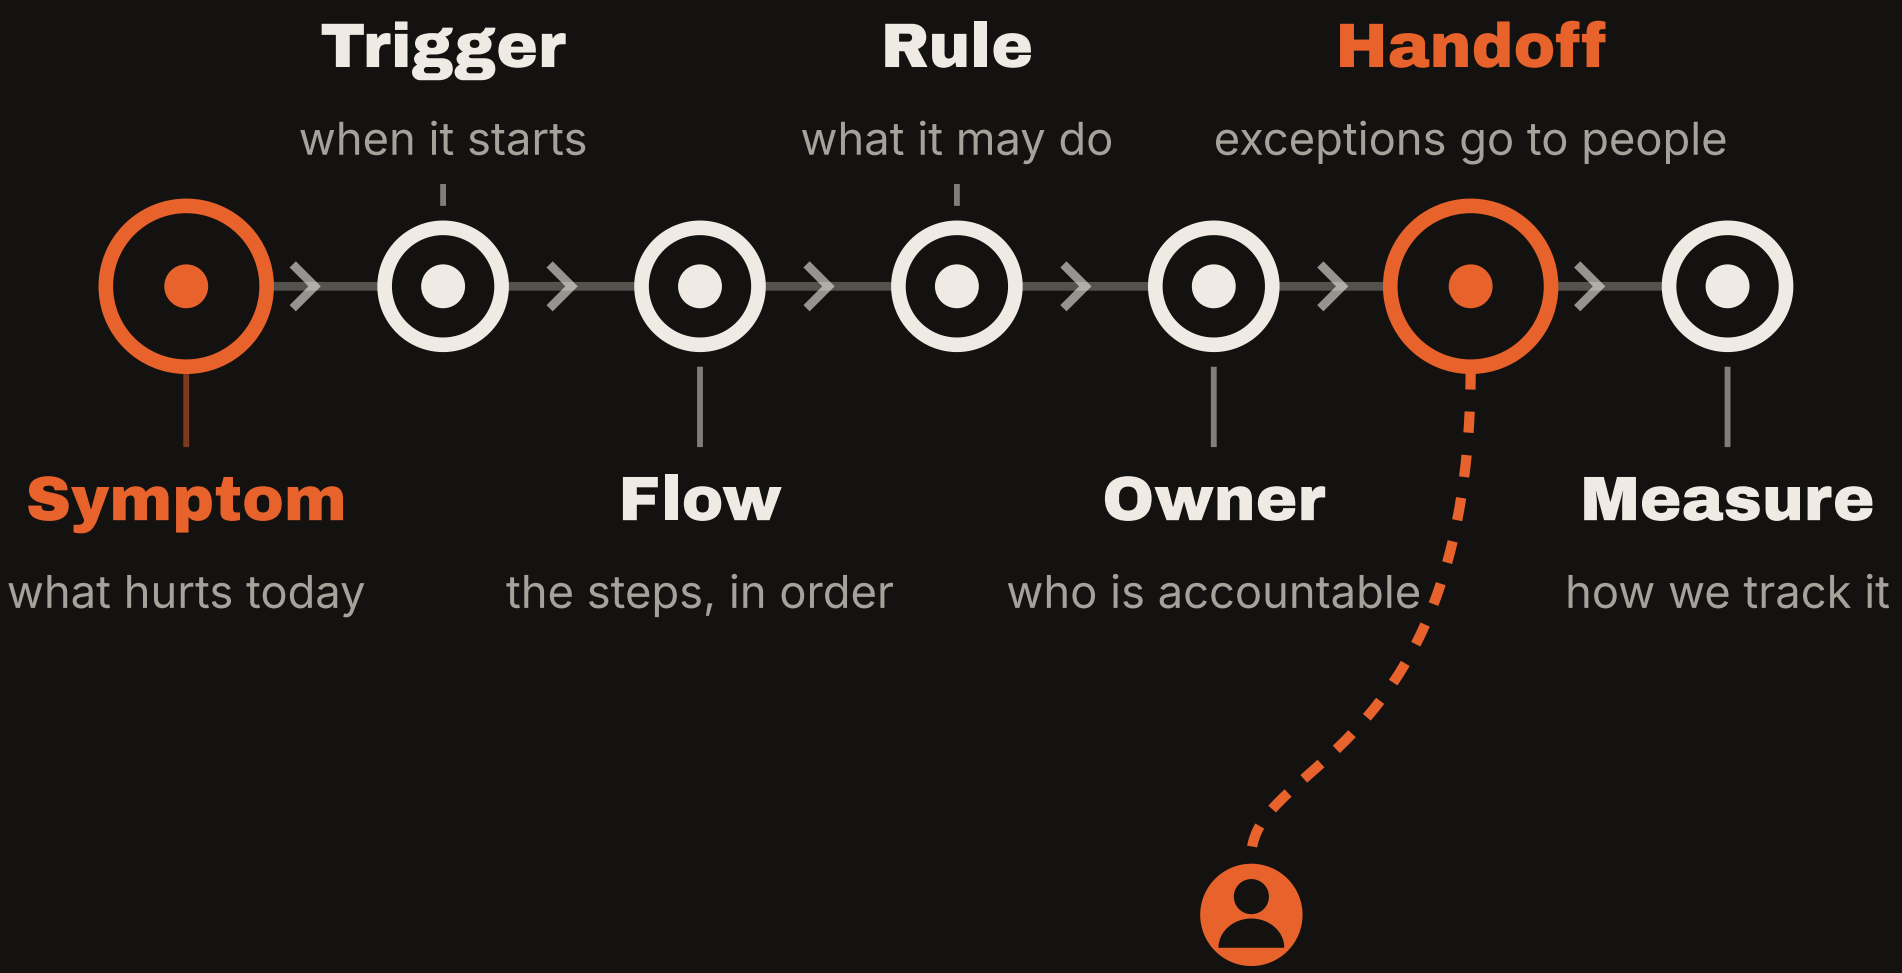

Customers who come back

SYSTEM PRINT

Every system is drawn before it is built

THE PLAN

Step by step, without stopping what already works

NOW

Quick wins

Small systems, visible results

NEXT

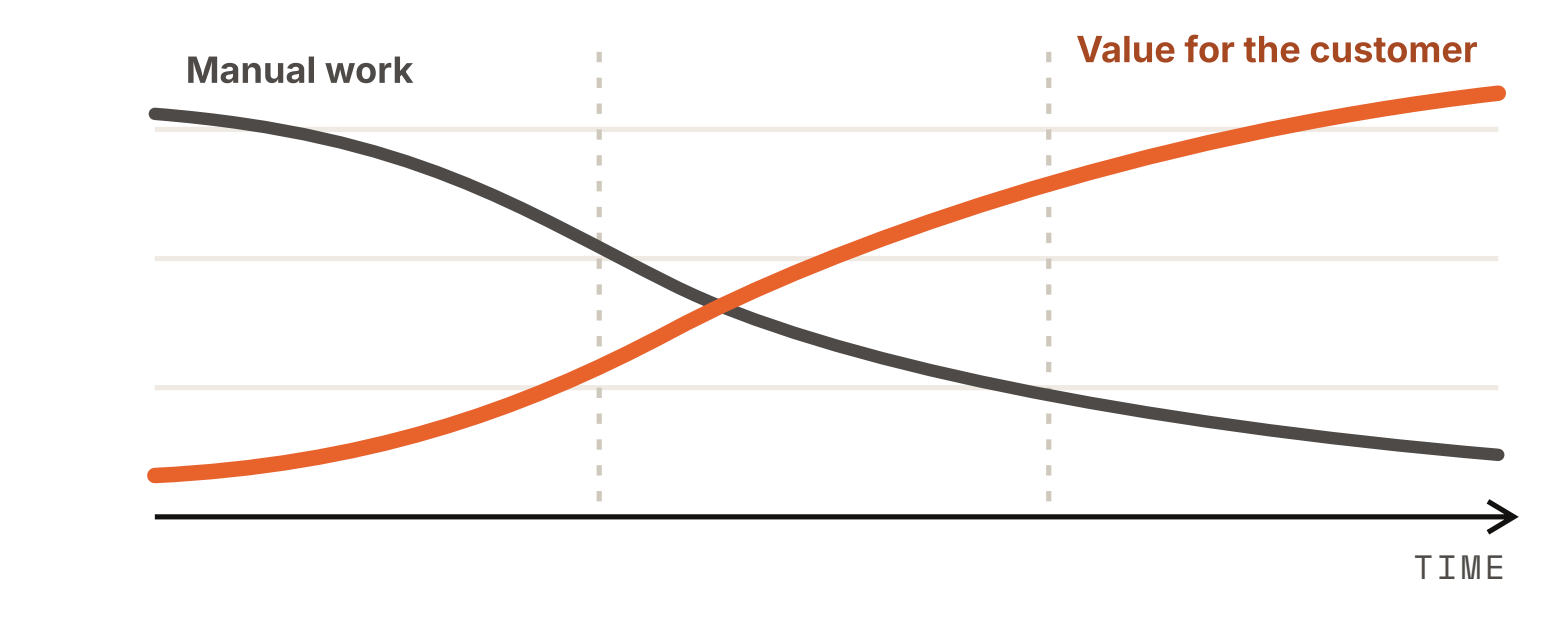

Pilot

Tested with real customers

THEN

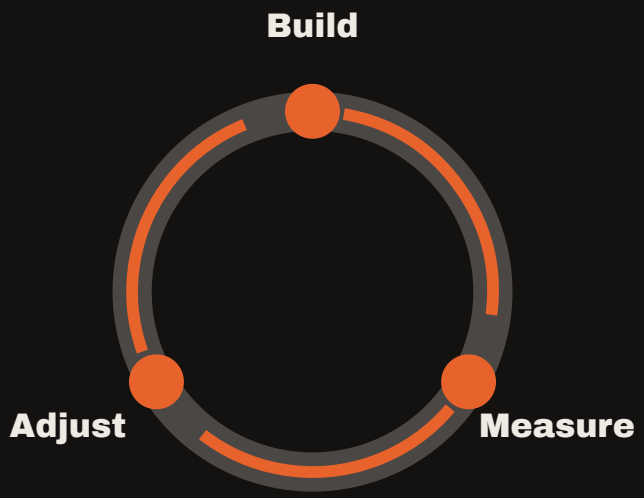

Scale

What works, across the business

HOW WE WORK

You stay in control

- Your accounts and data stay yours
- AI only inside rules you approve
- Every exception goes to a person
- We measure from the starting point
