01 · HOW IT WORKS

YOU RECEIVE FIRST. REFERRALS COME AFTER.

01 — NO COST

We give first

Together we choose 3 quick wins based on where your business is today, and we leave them working. You pay nothing and sign nothing.

02 — RECOGNITION

You show our name

If they helped, say who built them: a post or story tagging @pachecostudiospt and a line on your website («Systems: Pacheco Studios»). Optionally, a short testimonial.

03 — 15%

You recommend us

When you meet a business that needs something similar, you introduce us. Every job that starts from your recommendation earns you 15%.

CHOOSE 3 QUICK WINS

Tick the 3 that would help you most right now. Each one is small, works from day one and is visible from the outside.

02 · WHO TO RECOMMEND

GOOD BUSINESSES THAT LOSE CLIENTS ALONG THE WAY.

SIGNS A BUSINESS NEEDS US

- Happy clients, but no website, or an old one that is hard to use on a phone
- Answers the same questions on WhatsApp all day: price, hours, where are you
- Misses bookings or calls when it gets busy
- Good Google rating, but few reviews compared with how many clients it has
- Has just opened, moved or is changing its image

WHAT THE RECOMMENDED BUSINESS GETS

- A free demo of its own website, with its name, before any payment
- A full business audit included: where clients, time and money are lost
- Implementation with an on-site visit and direct support
- No pressure: if it is not a fit, it keeps the demo and the advice

WhatsApp group

Create a group with the owner and us, and introduce us in two lines.

The contact, with consent

Send us the business name and phone after telling the owner we will call.

Your name

Give them our number; they tell us you sent them.
